

Sequence & Format for Thesis Compilation

- Cover page
- Endorsement - Principal certificate
- Animal ethical clearance certificate
- Plant authentication certificate (if required)
- Certificate by the guide
- Certificate by the co-guide
- Certificate by the candidate
- Acknowledgement page and

Continued with rest like- Preface, List of Abbreviation, Abstract,.....

TABLE OF CONTENTS

Sr. No.	Contents	Page No.
I	Preface	i
II	List of Abbreviation	ii
III	Abstract	iii
IV	Table of Contents	iv
V	List of Table	v
VI	List of graph/figure	vi
01	Introduction	01-03
02	Literature Review	04-08
03	Methodology	09-13

General Comments:

1. As per standard Format, Introduction part should be of 2-3 pages that includes about one paragraph regarding your disease the other paragraph– How many people are affecting due this in country and/or all over the world. Other Para denoting about why present therapy not sufficient in the treatment & last Para denoting why your drug are able to treat that disease.
2. Transfer your introduction data to review literature.
3. Transfer the hypothesis part from aim & objective to introduction.
4. The formatting of thesis (like- cover page, space, heading, font size, gapping in between line & paragraphs, references etc...) should be in proper, as per the earlier notification.
5. Mention the significant values in both graph and table.
6. Whole thesis should be in **PAST TENSE**.
7. The reference should be in number and superscript form (x^2).
8. Give justification of 46 weeks from commencement of IIIrd Semester.

NOTE: Final Hard Bound (5 in number) copy should be submitted on or before 12/10/2012, along with answer to the comment if any. **This is only for those students, who have submitted the draft copy of thesis.**

Scholars whose project is from Outside the Campus, are advised to reply the Comments below in writing along with general comments(written above);

1. **Neha gupta:** Work plan should be of 46 weeks, Heading everywhere has to improve Paper setting and margin should improve, each sentence of introduction and review literature should have good reference, Improve line spacing Check spelling everywhere, Main guide, Endorsement, Co-guide, Copy right, Authentication of IAEC.
2. **Deepal Juyal:** Work already on net please refer to the “proceeding of the 7th IMT GT-UNINET and the 3rd international PSU-UMS conference on bioscience (Indonesia) 2010.” Justify the work.
3. **Kadambari Bhardwaj:** Justify the toxicity study on mice ,Justify the duration of project, Letter from guide, Copyright should come under the name of principal
4. **Rupanshi Sharma:** justify the duration of study. You have on carried the study of 28, days. please provide the 46 weeks justification of your schedule as per the ordinance along with the authentication from the guide (where the project is carried), Why the sample size small, Refer to the article in journal of surgical research, Vol.176; issue 1; july 2012. Please comment on this article and your justification of work, Refer latest references and give justification of work.
5. **Neha rani:** refer the article bharat bhusan, mohapatra journal of pharma research vol-5, no.3, dec 2012, Pillai, N.R, et al., 1984, 50, 143-46 , K.Biswas, current science vol 12, no-11, 2002.
6. **Monika:** justify the time of study or 10 month study, It’s a biochemical parameters which are already established what new for pharmacology All the diabetic models have the same language from ref. 15, it should be change, all plants already proved as antidiabetic then what’s new Discussion is copied, it’s not correlated with the result, Abstract not given, IAEC approval not given, and Pharmacological mechanism is not given in discussion section.
7. **Vaishali mangal:** justify the time of study, Why the sample size is small.
8. **Ajay singh panwar:** justify the work published in international journal of pharma and bioscience, vol-3, issue-1, jan-mar.2012.
9. **Rich Gupta:** Justify 46 week of research (Study of only few weeks).

10. **Grupreet:** Reference 43,44, 45 are missing , Reference with respective discussion are not as per the text (ref. 46, 41), Dissuasion is carried for diabetes care (Nigishi I to Ita it al., 19th june, 2001), change the discussion part; in introduction ref. 1,2,3,5 wrong, rewrite the reference function is not equal.
11. **Dheerendra:** Justify 46 week of research (Study of only few weeks), reference is not Compliance as per UTU format.
12. **Chavi Prasad:** No. of patients is too less, thesis is copied from original document, rewrite it in your own word, poor presentation in writing, requires human ethical clearance for this study, Justify 46 week of research.
13. **Anjali Pundir:** Work already on net please refer to the work entitled "Curcumin prevents Cr (VI) induced renal oxygen damage by a mitochondria pathway- food and chemical toxicity pathway 2011, Feb-10747: (1-15). " Justify the work.

PLEASE NOTE: ANY PLAGIRISM WITH RESPECT TO YOU RESEARCH WORK WILL LEAD TO CANCELLATION OF YOUR THESIS EVEN AFTER VIVA (SIMILLARITY INDEX NOT MORE THAN 15%-20%)
